*All they asked was that we should continue to remember the poor, the very thing I was eager to do.”  
Galatians 2:10*

## Where We Ship

Every day, volunteers sort, inventory, fill orders or even pack sea containers for shipping. If you or your group would like to volunteer one day a week, one day a month, or just once in a while, you would be welcome! Contact John Scheck at 763-586-9591 for more information.

*Volunteers from Medtronic visited our warehouse in 2016 to help sort supplies for future shipments!*

## Global Health Ministries

7831 Hickory Street NE  
Minneapolis, MN 55432  
office@ghm.org • 763-586-9590

## Shipping Program

**Global Health Ministries**

*Helping the hands that heal*

*X-ray digital film scanner at Phebe Hospital, Liberia*

## GHM and Shipping

GHM ships medical equipment and supplies all over the world to support Lutheran health-care systems in developing countries. Whether equipping new or expanded health facilities with ultrasounds or x-ray machines, or supplementing a mission hospital's basic supplies, these shipments help make healthcare accessible for some of the world's most vulnerable people.

We are grateful for every gift, but there are some items we can't accept, such as medications and older textbooks (textbooks printed in the last ten years are welcome).

## Medical Supplies Needed
